

Touch buttons in the initial **SETUP** screen to link to miscellaneous setup functions:

PASSWORD: Keyboard appears, enter password, then type new password.

HORN DISABLED: Toggle Monitor's audible alarm to ENABLED/DISABLED.

BANNER: Banner setup (here shown as "PDI DISPLAY") is on same screen as Modbus setup (Figure 7).

TIME & DATE: Set time and date; used on HOME screen and alarm timestamps.

CALIBRATE GUI: See next figure.
